

# Credit Point Equivalents for the Application for the International Master's Program

## Materials Science

Institute of Physics, Faculty of Mathematics and Natural Sciences, Augsburg University

To meet the admission requirements of the Master's program in Materials Science, the equivalent of at least 16 ECTS credits in each of the following subjects must have been taken in your first degree program: (1) materials science, (2) physics, and (3) chemistry. Please list below those courses from your transcripts that you would like to be credited towards this requirement (SWS: contact hours spent in the classroom or lab each week, CP: ECTS credit points):

**Surname:** \_\_\_\_\_ **Given Name:** \_\_\_\_\_
