

The American Physical Society
Certificate of Fellowship

PETER HANGGI

was elected a

FELLOW

of The American Physical Society

for distinguished contributions to nonlinear statistical physics and reaction rate theory and for elucidating the influence of non-Markovian memory effects and dissipative tunneling in equilibrium and nonequilibrium systems

this 30th *day of* October, 1988

Val L. Fitch

President

W. W. Haven Jr.

Executive Secretary

3 November 1988

Dr. Peter Hanggi
Lehrstuhl für Theoret. Physik
Universität Augsburg
Memminger Strasse 6
D-8900 Augsburg, Federal Republic of Germany

Dear Dr. Hanggi:

I have the honor of informing you that the Council of the American Physical Society, at its meeting in Hollywood, Florida on 30 October 1988, acted favorably on your nomination for Fellowship in the Society. The citation composed by your sponsors which will appear on your Fellowship Certificate will read as follows:

"For distinguished contributions to nonlinear statistical physics and reaction rate theory and for elucidating the influence of non-Markovian memory effects and dissipative tunneling in equilibrium and nonequilibrium systems"

The names and citations of those elected to Fellowship at the 30 October 1988 Council meeting will be published in the February 1989 Bulletin of the American Physical Society. The formal announcement of your election to Fellowship will take place at the Business Meeting of the appropriate Division. Your Fellowship Certificate may be awarded at the Business Meeting of the appropriate Division as listed on the attached page or mailed to you soon thereafter.

Sincerely,

W.W. Havens, Jr.
