In addition to viewing your own record, you may also search and browse the records of scientists in each of the 21 categories.

We are planning to release your record in the Physics category two weeks from the date of this email, and we ask that any changes to your record that you wish to see be completed before then. If we receive no response from you by then, we will assume that your record can be run "as is." Please be assured, however, that your APN and the password you choose upon registering will allow you access to your record at any time in the future. Changes or additions you submit will be directed to an ISI Editor prior to being posted as an update on the site.

If you have any comments or questions, do not hesitate to contact me.

Best regards,
