The Lars Onsager Lecture 2011

Dear Prof. Hänggi

It is a pleasure for me on behalf of the Norwegian University of Science and Technology (NTNU) in Trondheim, Lars Onsager's Alma Mater, to invite you to present the Lars Onsager Lecture for 2011 at NTNU and receive the Onsager medal. We hope that you are willing to accept this honor.

You can find further information about the Lars Onsager Lecture on the web page

www.ntnu.no/onsager

The regulations for The Lars Onsager Lecture indicate that the lecture should be presented near Lars Onsager's birthday, 27 November. This has turned out to be unpractical, and therefore we invite you to give the lecture some time during the fall of 2011.

We also offer you to publish, if you want, your lecture in the Transactions of the Royal Norwegian Society of Sciences and Letters (www.dknvs.no). The journal, which covers all sciences, was started in 1761, and is one of the oldest scientific journals in the world.

Clearly we will cover your travel as well as local expenses. Please communicate directly with the Chair of the Onsager Committee, prof. Helge Holden (email: holden@math.ntnu.no), when it comes to the practical arrangements.

We do hope that you are willing to accept this offer, and we do look forward to seeing you here in Trondheim in 2011.

Sincerely

Torbjørn Digernes
